

CELEBRATING ANNIVERSARY — The employees of Piggly Wiggly who will be joining owner Edgar Duncan, left, in the 20th anniversary observance of the local store are, left to right, back row, Jerry Duncan, Robert Cary, Doug

Sharer, Lannie Ford, Joey Duncan, middle row, E. J. Black, James Crowley, Kenneth Cary; front row, Neoma Bailey, Bill Thompson, Clarence Miller and Woodie Scott.

Piggly Wiggly Celebrating 20th Anniversary Here this Week End

The local Piggly Wiggly store is celebrating their 20th anniversary in conjunction with the 50th anniversary of Piggly Wiggly as the oldest name in the self service food business.

Edgar Duncan, local partner, purchased the original store with J. B. Claiborne of Lamesa, from Bud Terrell in

1946 and affiliated with Piggly in 1948. The two men also have stores in Lamesa and Welch.

The store was located at 218 S. Central until Sept. 1955 when they moved to the present location.

Of the 12 employees, Woodie Scott, meat department manager, has been employed for the longest time, since 1946.

Mr. and Mrs. Duncan are members of the First Baptist Church. They have three children, Jerry, a senior at McMurry College, Conroe, a sophomore at Hardin-Simmons University serving as a missionary in Indiana this summer; and Joey, a sophomore in Hamlin High School.

Results of Small Grain Tests Given On Ferguson Farm

Results of the 1966 Small Grain Variety test on the Dickie Ferguson farm near Hamlin have just been completed, according to Jones County Agent, Kirby Clayton.

The variety test included 10 varieties of wheat, 6 varieties of oats and 3 varieties of barley, says Clayton. The plot was planted on October 28th 1965 and harvested June 10th 1966. S-Water Pickets Fail to Halt Work At Celotex Plant

Work at the Hamlin Plant, Celotex Corp., was going on as usual Wednesday even though pickets from the struck Flintkote plant in Sweetwater were on entrances to the plant and the railroad Monday morning.

There were no pickets in sight Wednesday but reports were that they were on the Katy Railroad line Tuesday night and the train did not cross the picket line.

Flintkote board is being manufactured at the Hamlin Plant.

Negotiations at the Flintkote plant at Sweetwater, which was struck by union employees on June 16, have resulted in a stalemate thus far. After labor struck the Flintkote plant the union members tried to return to work a few days later only to find the gate to the plant was locked. In the meantime, about 100 of the Sweetwater laborers have made application to the Texas Employment Commission for unemployment pay.

Mother of Mrs. J. A. Williams Dies In Blythe, Calif.

Mr. and Mrs. J. A. Williams attended the funeral of her mother, Mrs. Alice E. Tanner, 81, in Lindsay, Okla., July 7.

Mrs. Tanner, who had visited with the Williams on several occasions since moving to California in 1955, made her home with a daughter, Mrs. Edna Starcher, in Blythe, Calif. She died July 4 in a hospital in Blythe.

Survivors include three daughters, one son, 13 grandchildren and 30 great grandchildren. Mrs. Williams was in California at the time of her mother's death. Her husband had just returned home after being there for two weeks.

Overwintered Boll Weevils Found In 40 Percent of Fields

Overwintered boll weevils are now appearing in 40% of the 28 cotton fields being checked by the Cotton Insect Survey Teams in Jones County, according to a report made this week by Jones County Agent, Kirby Clayton. Most of the weevils are still localized in the first few rows of cotton adjoining hibernation quarters and spot treatment in these areas could still pay dividends, says Clayton.

The survey teams also found light infestations of armyworms, cabbage loopers, aphids and thrips and plant bugs.

Fleahoppers are increasing in numbers every week and a few of the fields have populations large enough to warrant poisoning at this time.

The recent rain, says Clayton, will probably be conducive to larger buildup of boll

weevils and should be some encouragement for farmers to poison for overwintered weevils before egg laying starts.

The survey team spend four days out of each week in Jones County checking 28 fields once each week. This report is available in the County Agent's Office on Thursday of each week and any farmer wishing to know the County Insect Situation, may have same by making a call to the Agent's Office.

The Survey Team is being sponsored by the Rolling Plains Cotton Growers Inc. and is working under the supervision of Jones County Agent, Kirby Clayton.

Twenty Scouts Attending Camp Tonkawa

Twenty Boy Scouts and Explorer Scouts are attending camp this week at Camp Tonkawa. Adult leaders attending are J. O. Murphree and Floyd Smith.

Mike Murphree is attending camp for the seventh year. Other campers have attended several years. Only two are attending for the first time.

The group includes Murphree, Sammy Ferguson, Tommy Oliver, Randy Smith, Randy Morgan, Bill Johnson, Mike Young, James Holt, Davis Weaver, Darrell Craig, David Riddell, Price Bryant, Gary McMillan, Bobby McMillan, Chris Perrin, Greg Perrin, Thomas Goolsby, Brad Stallcup, Mark Madden and Jim Clifton.

Tapping out ceremonies for Order of the Arrow will be held tonight (Thursday) at the bonfire when members of the scouts families will be present.

The boys return after lunch Saturday.

Oak Grove Baptist Plans Homecoming

Oak Grove Baptist Church will host the first annual homecoming here July 14, 15 and 17, according to the pastor, Rev. C. J. Rigmalden.

A former pastor, Rev. M. H. Harris of Bryan, will be the evangelist. The Brotherhood, senior choir and Sunday School will be in charge of the Thursday evening service at 8 p. m.

Services at 8 p. m. Friday will be by the senior mission, usher board, celestial choir and Y. W. A.

Sunday afternoon at 3 p. m. the church in general will be responsible for the worship service.

Visiting churches and their pastors who will be taking part in the afternoon service are New Light of Abilene, Rev. Alton Hurd; Bethesda Baptist Church of Anson, Rev. L. J. Lee; and Solomon Temple of Stamford, Rev. L. T. Jackson.

Mrs. Lena Butler will give the welcome and Laura Casshaw of Stamford the response.

Special music will be by Mrs. Millie F. Rigmalden and Mrs. Etha F. Ford of Midland, soloists.

A dinner for all homecomers and visiting churches will be held in Fellowship Hall following the service.

BRIDGE WINNERS

Bridge winners Tuesday night were Mr. and Mrs. Henry Albritton, first; Mrs. G. W. Comegys and Dale Lain second; Mrs. Dale Lain and Mrs. Preston Morrow of Rotan, third.

Survey Committee Named To Study Courthouse Space

A committee made up of representatives over the entire county has been authorized to survey the space needs of offices in the Jones County courthouse. The commissioners court Monday authorized County Judge Leon Thurman to make appointments.

Judge Thurman said Wednesday that letters are going out to three men from each precinct asking that they serve.

H. G. Andrews Jr. of Stamford, former Jones County Judge, has been named chairman. He has called a meeting of the entire group for Thursday, Aug. 4, in the county courtroom.

Members of the commissioners court have discussed increased space needs of several offices but no decision has been reached. At one time it was planned to close one of the basement entrances and add this space to that being used for storage by the tax collector but this was rejected as too costly for the amount of space that would be gained. It also had been suggested that a vacant building across the street west of the court house be acquired and some offices moved to this building but this idea was turned down by the court because maintenance costs would be increased.

Although greatest need is for more space for Tax Collector A. J. French, the committee will check with all offices to see about their present and anticipated needs.

Some discussion was held Monday by commissioners as to the possibility of installing

an elevator so that space on the upper floors could be reached more conveniently. It was the general consensus that there is ample space in the present building for all needs but some re-arranging will be necessary.

The court has met with contractors on several occasions and has talked about repair of the exterior of the building but no action has been taken.

It has been brought out that mortar between the bricks and large blocks of stone need to be replaced in many places and water has seeped into the

walls and damaged the plaster.

Judge Thurman said Wednesday that \$53,000 is in the permanent improvement fund and can be made available for the work.

Letters asking the following men to serve were being mailed Wednesday: Precinct 1, Wesley Nail, Cecil Sellers and Starr Inzer; Precinct 2, Sam Baize, Vernon Lovvorn, L. E. Million Jr.; Precinct 3, Joe T. Smith, Jack Edwards, Raymond Rowell; Precinct 4, Henry Fry, A. D. Hill and O. B. Leech.

JONES COUNTY—

Commissioners Handle Many Minor Items In Monday Session

A number of minor items came before the Jones County commissioners at their regular monthly meeting Monday, some receiving favorable attention while others were rejected.

The court had received a bill for slightly more than \$1400 from Lynn County for trying Gerald D. Knight, a Dallas man accused of raping a girl alongside Highway 80 east of Anson. The case went to Tahoka on a change of venue.

Included in the cost items were psychiatrists, special deputy sheriff to be with Knight in jail and at the trial. No special attention was given Knight in the Jones County jail.

In his hearing at Tahoka, Knight was adjudged insane and committed to the state hospital at Rusk.

Commissioners expressed the opinion that some of the items on the bill are subject to question and they hope to get it reduced.

Hearing on the budget for the new year has set for Wednesday, Aug. 31.

The court authorized Judge Leon Thurman to file for a state charter, setting up Jones County Economic Board. This is the first step in getting an economic opportunity program set up in the county. An allotment of \$49,000 has been set aside for the county by the federal government, it was stated.

The court approved payment of \$3 per day for a Stamford girl who is or has been a patient at the state hospital at Galveston. The bill was for \$30.99 per day, but commissioners said they usually pay only \$3.00 per day.

A plea for the county to supply culverts heading to the Anson arena. Commissioners said they had a limited number of used culverts that could be used but they were opposed to supplying new ones.

Approval was given to the employment of temporary help in the office of County Agent Kirby Clayton while his secretary is on vacation and gave a similar approval to Judge Thurman for his office.

A bill for \$5.00 to pay for a truck load of water used in fighting an oil field fire near Hamby was passed over. Commissioners said the county

does not pay for fighting fires in rural areas and expressed the fear that payment of the bill would set a precedent.

It was suggested that the bill should be sent to the oil company whose property was being protected.

Two commissioners, Lem Ruark in Precinct 3 and Johnnie Agnew in Precinct 1, told of instances were landowners had stopped up culverts to halt the flow of water on their land. They asked opinion of the court in removing these stoppages. The court ordered that the culverts be opened.

Rev. Charles Tate To Speak Friday At Foursquare

Rev. Charles Tate, faculty member of LIFE Bible College, Los Angeles, will speak Friday at 7:30 p. m. at the Foursquare Church, 113 S. W. Ave. D Street, announces the Rev. Weldon Counts pastor.

A graduate himself of LIFE Mr. Tate comes to Hamlin on a 6,500 mile itinerary which will bring him to more than 30 churches in 7 states. The programs presented feature information pertinent to the college program and counseling sessions with prospective students, advising them concerning courses offered.

The local pastor said that the past semester LIFE enrolled approximately 450 students, and serves as the major ministerial training center for the International Church of the Foursquare Gospel. Both the college and the movement were founded by the late Amee Semple McPherson.

Rev. Tate, a native of South Dakota, and member of the LIFE Bible College faculty for the past decade, instructs in church history, pastoral theology, counseling, expository preaching, public speaking and radio technique. He is also an advisor for the college year book, periodical news bulletin and radio broadcast.

During the 40 years of its existence, LIFE has graduated more than 6,000, its alumni including pastors, evangelists, missionaries in more than 30 nations, Christian education specialists, and numerous lay leaders.

REV. CHARLES TATE
... to speak Friday

By Mrs. R. M. Babb

My, if you missed any service of the revival at the Baptist Church you really missed a blessing. Bro. Ken Moore of O'Brien did a wonderful job of bringing Gods messages.

Aunt Mary Jones of Merkel visited relatives and friends and attended the revival. It is always good to have Aunt Mary visit with us. We still miss her.

Mrs. A. J. Griffin had in her home two of her grand daughters from Okla. they returned to their homes this past week.

Mrs. Joan Edwards had visiting in her home for a few hours last week her niece and family, the Paul Williams' of Wichita Falls.

Mr. W. O. Reeves, brother of Mrs. Lea Dickerson has bought Louis Kiser's house and will be a resident of our community. Welcome!

Mrs. Ella Scott has returned home, having spent several weeks in her daughter's home, the Merril Turners in Farewell.

Gary Douglas of Merkel has returned home having spent two weeks training in San Diego at the Naval Base.

The Alton Mauldin family is visiting in the Guy Mauldin home. Alton and Thelma live in Midland.

Mr. and Mrs. Henry White and children of Lubbock spent a few days in the Woodford Pursley home.

The last report I had on Luke McCollom Sr. was he was doing much better. He is in the Hamlin Hospital.

Many of our people attended the funeral services in Sweetwater for Mr. B. E. Pyron on Sat. morning. Mr. Pyron was known and loved by all. Our sympathy to the family.

Mrs. W. B. Brown is attending the Postal Convention in San Antonio this week.

Mrs. Ken Moore and boys drove over on Friday night and attended church services. I think they rather surprised Bro. Moore, but I assure you he was glad to see them.

The Med and Roy Herron families attended the Herron Reunion at State Park this past week end.

The M. D. Browns had a family reunion this past week end.

Mr. and Mrs. Carl Jackson and Mr. and Mrs. Henry Edwards of Wichita Falls spent

the weekend in the home of Mrs. John Edwards.

Several people of the Central Avenue Church and the Fairview Community attended the revival here in Sylvester.

The Sonny Dozier family enjoyed a fishing trip with their grand parents over the weekend.

We enjoyed a good rain last Friday night, 1.20 inches, but we could always use more!

The John Tankersleys of Ft. Worth are visiting in the Earnest Kiser home.

To whom did you give credit for things you achieved this week?

To Attend Forum

C. L. Howard, W. T. C. C. Director from Hamlin, will attend an Action Forum for Directors of District V of the West Texas Chamber of Commerce on Thursday, July 14, 2:30 p. m. at the Market Restaurant, Merkel.

Howard is one of 36 business and community leaders who will evaluate plans for the development of the Growth Potentials of West Texas.

George Batchelor, an employee of General Crude Oil Co., has been transferred to Liberty, Tex. The family will be moving Aug. 1.

Neinda Philosopher Finds Human Nature Cropping Up Even Among Russian Potato Farmers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Rt. 1 discusses a subject he's an authority on — laziness.

Dear editor:

According to an article I read buried under an ad on page 19 of a newspaper I found out here yesterday afternoon, there may be more

Law Changed On Gasoline Refund

Because of a change in the tax laws, farmers will no longer fill out form 220 for claiming refunds on federal Tax on Gasoline used on a farm according to Jones County agent, Kirby Clayton.

The tax law now provides that for taxable years beginning after June 30, 1965, the Federal Tax paid on gasoline should be claimed as a credit on Federal income tax returns. Instructions for claiming the credit will be included in the income tax booklet which will be mailed with your tax return forms for 1966.

human nature in Russia than we'd figured.

This article reported that Russian officials in Moscow are complaining because Russian farmers are lazy. They said here's what they do: they wait till about a month before the first freeze is due in the fall, then send out an emergency call for university students to be sent out to help dig their potatoes before the ground freezes.

Sure enough, knowing the potatoes are needed, Moscow officials take thousands of students out — classes for a month, the — is are dug and the crop saved.

The first time this happened, the article said, it made sense, but the officials are beginning to wonder why it has to happen year after year.

I can tell them. Those Russian farmers have figured, why dig the potatoes when the students will do it for us? Especially since those potatoes belong to the state in the first place.

Russian officials can call

it laziness if they want to, but it looks different to me. In fact, if I could call up Governor Connally and ask him to send me a batch of University of Texas students to help me get in a crop free of charge, you know I'd do it, and if it worked once, the governor could expect a call from me every year from then on.

The Russian officials argue this interrupts the students' class work and it ought to be stopped.

I have a notion that if the students themselves can't catch on to this on their own, they've been studying too many books and not enough human nature. The books probably say the farmers should joyously dig the potatoes themselves, but the farmers have an advantage. They haven't read the books. But they have dug potatoes.

Yours faithfully,
J. A.

County Agent Warns of Care in Use of Chemicals

All chemicals should be used according to the instructions and recommendations, says County Agent Kirby Clayton.

Recommendations for weed control with chemicals are based mainly on effectiveness of control. "Suggestions for Weed Control with Chemicals," Extension publication B-1029, lists current suggestions for use of chemicals to control weeds and weedy plants in Texas.

The bulletin also has suggestions for safe use of herbicides.

The recommendations for weed control are based primarily on results of the most recent research tests by the Texas Agricultural Experiment Station and demonstrations by the Texas Agricultural Extension Service.

The publication has information on weed control in alfalfa, corn, cotton, rice, sorghum and in establishing coastal bermuda grass and other crops.

WIN UP TO \$1,000.00 CASH

ONE GAME CARD GIVES YOU TWO CHANCES TO WIN. MATCH THE HALVES. WIN FULL FACE VALUE.

It's Fun! It's Easy! Here's How to Play!

- 1
- 2
- 3

Pick up free game card on each visit to Piggly Wiggly, no purchase necessary. Tear card in half at perforated line in center, which will give you a "right" and a "left" half. Wipe green areas in corners of cards per instructions on front of card until "permanent" values appear.

To win, you make a "whole matched" card, with both right and left halves having identical values. You save and compare all rights and lefts you have collected, and vice versa. When you make a match, take it to store for verification and prize award. The issuing store reserves the right to determine the authenticity of cards submitted and to require complete adherence to all rules printed on reverse side of game cards.

All cards are good for play until declared void by a published or posted announcement of game expiration at the discretion of issuing Piggly Wiggly store. Cards are void and not good for play in states where prohibited by law. The following are not eligible to participate: unmarried minors, Piggly Wiggly employees and their families, advertising agents and subsidiaries of sponsoring Piggly Wiggly Stores.

fifty years ago—in 1916—the first Piggly Wiggly opened its doors to an astonished public: "Imagine, waiting on yourself!" No one had ever tried it before and, of course, many said it wouldn't work.

How well it worked is obvious today, for virtually all stores enable you to "wait on yourself." Today we call it "self-service."

Piggly Wiggly pioneered in low cost foods—a tradition we proudly maintain to this day. Piggly Wiggly through the years has never met low prices... we keep them low!

FAIRVIEW NEWS...

By Mrs. Elmer Joiner

Rain fell in the eastern part of our community Friday afternoon, but by the time it reached Hamlin it had almost played out. Over three inches fell at the Plainview store, two inches a few miles west, then at this point, four miles from town, had fallen down to six tenths, but even that much makes the little cotton look much better.

Visitors in church Sunday were present again. Mrs. Babb's uncle, Mr. Carl E. Jackson, Wichita Falls, came with the Babb's. He and his wife visited in Sylvester over the weekend.

Little Tanya and Jana Bills, daughters of Mr. and Mrs. Doyal Bills, of Houston, are spending two weeks with their grandparents, the Winsons Grays, while Mother and Daddy go on vacation. They were with them in church for both services Sunday.

The time is drawing near for our summer revival and plans have been almost completed for it. Rev. Billy Burke, of Wichita Falls will do the preaching. Alton (Tooter) Hewitt, of Hamlin will lead singing, with a pianist to be secured yet. The date will be

tract, enter into a contract and execute bonds on the forms provided in the Contract Documents.

Attention is called to the fact that not less than the prevailing wage rates as established by the City of Hamlin, Texas, and as hereinafter set forth in the Contract Documents hereinafter described and which are made a part hereof, must be paid on this project.

A performance bond and a payment bond, each in amount of not less than one hundred (100%) per cent of the contract price, conditioned upon the faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials, will be required.

In case of ambiguity or lack of clearness in stating proposal prices, the City of Hamlin, Texas, reserves the right to adopt the most advantageous construction thereof, or to reject any or all bids, and waive formalities. No bid may be withdrawn within thirty (30) days after date on which bids are opened.

CITY OF HAMLIN TEXAS Hollis W. Madden, Mayor

August 12-21 and we urge all of our friends to remember this date and come be with us as often as possible. Mrs. Woodrow Goodwin and Mrs. Raleigh Bond went to Sylvester last Tuesday night, where they attended revival services at the Baptist church. We are sorry to hear that Mrs. Johnnie Agnew is in the Hamlin Hospital where she underwent surgery last Friday morning. At last report we learned she was doing all right.

Rev. and Mrs. R. M. Babb were Thursday night visitors of the Woodrow Goodwins.

Ronald and Jeannie Joiner spent last Tuesday with their grandparents, Mr. and Mrs. Elmer Joiner.

Visitors of the Fred Rosenbaums last week were her brother, Mr. and Mrs. D. T. Downey and Linda Ann, residents of Fort Worth.

Visitors of the Winsons Grays last week were Mr. and Mrs. Doyle Gray and Gayle, Mr. and Mrs. Herman Gray, all of Los Angeles, and Mrs. Aubrey Skipper, Alvarado. Mrs. Skipper is a sister of the Gray brothers.

Linda Goodwin accompanied her friend Betty Daniells to Plainview, where they will visit from Sunday until Friday with Betty's sister, Julie.

Mr. and Mrs. Fred Rosenbaum went to Anson and visited with his nephew, Mr. and Mrs. Thomas Moss, Sunday afternoon. A niece of Mr. Rosenbaum's and sister of Mr. Moss, also was present, Mrs. Viola Goodsmith, Portersville, California.

The Fred Rosenbaums had a busy week last week for they, and the H. L. Ford family went fishing Tuesday through Wednesday, down on the river west of Hawley. Didn't hear how many fish they caught but they had a lot of fun.

Mr. and Mrs. R. E. Ray, Anson, were Sunday afternoon visitors of the Elmer Joiners.

The Joiners and Mrs. Goodwin attended services at Sylvester, Thursday night. Was the first time we had sat out

in open air services in a long time, but as it usually does, the wind got up for a while.

Ladies, if you are in need of a fall hat and want to find one cheap, look for the big hat sale Aug. 2, at the high school cafeteria. This will be sponsored by the Jones County Home Demonstration Clubs for the purpose of raising money for Council to operate on. Two hundred and fifty new hats will be offered for sale at the low price of four dollars each. Some other articles, including small notion

type gifts will also be sold. Watch for more on this sale and remember the date.

Hamlinites Return from Tour of Europe; Get Glimpse of Queen

Carol Joe Simpson and Mrs. James Simmons returned home last week after a European tour with 35 other U.S. citizens.

The tour began in London, England, where they were fortunate to catch a glimpse of Queen Elizabeth and her royal family amid all the pageantry of the Trooping the Colour parade, an annual event in London.

From London they drove to Dover and left England on a steamer via the White Cliffs to Ostend, Belgium.

In Holland they visited Rotterdam and the Hague, and Brussels.

Leaving Brussels, the travelers went to Bastogne, via the Ardennes stopping at the War Memorial which pays respect to the 76,000 American soldiers who gave their lives there during World War II.

After lunch in Luxembourg the group went to Bensheim, Germany for the night, driving along the German Autobahn.

At Heidelberg, Germany, the morning was spent viewing its famous University and

Castle. Motoring through the Black Forest they crossed into Switzerland where they spent two days at Lake Lucerne.

Carol Joe said "Beautiful and magnificent scenery awaited us on our journey from Lucerne through Liechtenstein where the queen of the day boarded the bus and gave us a brief glimpse of the small country." That night was spent in Innsbruck, Austria, site of the 1964 Olympics.

After a brief stay in Austria they crossed Brenner Pass through the majestic peaks of Italy's Dolomites on their way to Venice.

During their one and one-half day stay in Venice they received the classic Venetian thrill, a gondola serenata. Florence, Italy, was the next stop.

Excitement mounted as the group neared Rome where two days were spent touring the historic Roman buildings and ruins.

Carol Joe and three friends chose "Alfreda's Restaurant" for one evening's eating place. They met Robert Culp, television star of "I Spy" while there.

"Arrivederci Roma" they said with some regret in leaving the marvelous Rome but they were still anxious to see the life on the Italian and French Riviera's.

"Leaving Rome was not too sad", Carol Joe said, for we threw our coins in the fountain and they are supposed to help us to return to Rome someday."

On the way to Nice, France, they lunched at Rapallo, Italy, then went through Genoa, Columbus' birthplace. While in Nice, the group visited Monte Carlo and saw the palace of Prince Rainier and Princess Grace of Monaco and the world famous Casino.

Reluctantly they left Nice to slowly make their way to Paris Stops included Avignon, famous for its Place of the Popes, and Lyon, second largest city and the Capital of the French silk industry.

The 2,400 mile European tour was completed with three days in Paris, visiting the traditional sights. Leaving Paris by plane, stops were made in London and New York and their trip ended in Dallas.

Jones - Shackelford Farmers Form Cotton Group In Anson

A new organization, the Jones - Shackelford Counties Cotton Improvement Association, was organized Thursday night in Anson as a local subdivision of the 31-county Rolling Plains Cotton Growers' association in an effort to help bring King Cotton out of a hazardous situation.

Kirby Clayton, Jones County Agent, said, "We plan to get representatives from each of the 15 area gins that serve the cotton farmers in the two counties. This way we will have representatives from each of about 15 communities and bring the Cotton Growers' Association closer to the individual farmers that it serves."

Representatives and the chairman, to be elected from the representatives from each gin, will be elected at a later meeting.

Clayton spoke briefly on insecticides and insect pest control measures at the beginning of the hour and a half meeting.

James R. Kyzar and Donald W. Fleming, cotton insect surveyors with the RPCG, gave a report on the insect situation in the area.

"None of the thrips, aphids, spider mites, and plant bugs we've studied in the area so far have populations large enough to be economically damaging at this time," Kyzar said.

"In past weeks we have had a few cases of thrips and cutworms severe enough to cause real trouble, but for the most part the cotton seems to have outgrown these pests now. However, two of 28 fields examined for fleahoppers have economically damaging populations and two more are near this point," he said.

Charley Stenholm, executive vice-president of RPCG and Ericksdahl community farmer, explained the 15 per cent per bale dues of the association to the farmers and what it was to be used for.

Goals are recognition and representation of the Rolling Plains area, to unite cotton growers and businessmen, in a

common effort to push cotton products, to provide a link between the farmers and the organization and other similar organizations, furnish the Insect Survey Program, and to promote cotton on the local level.

Ronnie Goodgame, 8 year old son of R. L. Goodgame, Jr., was injured riding his bicycle Tuesday afternoon and was given emergency treatment here and then taken to Hendricks Memorial Hospital in Abilene. He was hospitalized overnight for possible head injury and was released Wednesday morning.

Don't Over-Feed Your Dog — Don't let your dog make a sucker out of you. Dogs are natural born moochers. They will try to wheedle food every chance they get.

Dogs should have no more than 4 meals a day from weaning to 4 months; then 3 meals from 4 to 8 months; and 2 meals a day from 8 to 16 months. From then on, only one feeding per day, with maybe a light evening snack.

Dangerous Hooks — When the day's fishing is done most cane pole anglers wrap their lines around the poles and dump them in the car for the trip home.

This is a bad practice, since the hooks are usually exposed and can ruin upholstery and even human flesh. Guard these hooks by wrapping them in tin foil.

Seven Programs Lined Up for Hardin-Simmons Artist Series

Abilene — Seven top-flight programs have been lined up for the 1966-67 Hardin-Simmons University "Artist Series," according to Dr. William O. Beazley, who heads up the series.

Each of the seven programs will be in connection with the H-SU 75th Anniversary Celebration.

Kickoff program on Oct. 21 will feature "The Little Angels," a company of approximately 37 young Korean girl dancers, ranging in ages from 7 to 13.

Mantovani and his Concert Orchestra has been booked to perform on Nov. 8.

Scheduled to appear Dec. 3 during H-SU's annual homecoming program will be "The Romeros," which features Celedonio Romero and his three sons, Celin, Pepe and Angel. This program will be one of the chief highlights of the Diamond Jubilee Homecoming.

Mahalia Jackson, internationally-known sacred singer, will perform on Jan. 12, while Fred Waring, who has been at H-SU on two previous occasions will bring his Pennsylvanians back to perform Feb. 7.

Gianna d'Angelo, one of the top young American opera singers, will be on hand March 31.

The Hardin-Simmons Acappella Choir, directed by Edward Hamilton, will sing in a concert with the Chicago April 13 or 14, said Dr. Beazley.

Horse Show

The second annual Kent County 4-H Horse Show will be held on Saturday, July 16, at the Kent County Roping Arena. Judging begins at 10:00 a. m. E. W. Cade of Rotan will judge the show.

Visiting with Mr. and Mrs. Weldon Johnson during the Fourth of July holidays were their children, Mr. and Mrs. Bob Johnson, of Marshall and Mr. and Mrs. Eddie Townley of Abilene. The Bob Johnsons also visited in Stamford with her parents, Mr. and Mrs. Earl Smith.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Taxes — with its what, why, where, who and because — raised its unpopular head in the Texas capitol this week.

Texas Committee on State and Local Tax Policy presented a report to Gov. John Connally and the Texas Legi-

slature.

Everybody's request for more money indicates that the spending program to be presented the 1967 Legislature will eat up the \$75,000,000 state surplus and require new money to finance Higher Education, pay raises for

Teachers and state employees, water development, state park and recreation expenditures, Texas Highway Patrol — all want in on the act.

The tax policy committee is headed by Rep. Ben Atwell of Dallas, who asked the Texas Research League to list possible sources for new taxes.

Proposed were: Increase the state tax from its present two cent to two and a half or three per cent, raising \$72,400,000 to \$144,800,000 a year;

Corporation income tax of 4.4 per cent (average of those in the 37 states which levy it), raising from \$18,000,000 to \$106,000,000 a year;

PAGE EIGHT

Hamlin, Texas, Thursday, July 14, 1966

Graduated personal income tax, raising \$75,000,000 a year. (There are 36 states with personal income taxes.)

Draft Call — Texas' part of fulfilling the national draft call for 31,300 men in September includes furnishing 1,381 men in July; 1,837 in August; and 1,580 in September, says Col. Morris S. Schwartz, State Selective Service Director.

In addition, between 4,000 and 5,000 Texas men will be called for preinduction physical and mental examinations in September.

Grain Farmers Cautioned — John C. White, Commissioner of Agriculture, advised Texas grain farmers to "make certain your harvest is stored in a state-licensed warehouse and to demand a valid Texas Grain Receipt."

Approximately 70 warehouses have failed to renew their licenses this year, though the grain harvest is well underway in many parts of the state. Grain stored in these warehouses is not protected by bonds and license required by law, said White.

More Boat Ramps — Thirty-three new boat ramps across the state, making a total of 94 such ramps, have been approved by the Texas Highway Commission.

Twenty of the new ones are adjacent to farm-to-market or park roads.

These new ramps will increase launching facilities by more than one-half and will cost \$241,800, or an average of \$7,327 each. Source of money, provided for under the Texas Water Safety Act, comes from Certificate of Number fees collected from Texas boat owners.

And, speaking of boats, new boat inspection fees and unclaimed boat gasoline sales taxes are reaping about \$100,000 a month for the state.

According to the State Parks and Wildlife Department, a new system is being set up so that fines collected for boat safety law violations will go to a State fund, rather than to county funds where most other law-breakers' fines are deposited.

Big Thicket Endorsed — State Parks and Wildlife Commission endorsed "in principle" the creation of a Big Thicket State Park. It will embrace some 15,000 acres of the 300,000 acres in

Liberty, Hardin, Tyler and Livingston Counties known as the "Big Thicket."

Will Odom of Austin, commission chairman, said endorsement would be made "specific" after the Parks and Wildlife staff has studied the proposal. Then all the Commission needs is legislative approval.

Other Parks Need Repair — According to William M. Gosdin, park service director, state parks, buildings need repairs to the tune of \$970,000.

State Parks are expected to get \$2,200,000 for improvement from federal sources during each of the coming two years. But Gosdin said a complete statewide outdoor recreation plan is needed by 1970 to keep the state qualified for federal aid for park construction.

County Government Study — Lt. Gov. Preston Smith appointed the following as an advisory committee to the Legislative Council Study Committee on County Government:

Harold Green, President, County Judges and Commissioners Assn.; L. D. McCormick, president, County Treasurer Assn.; O. D. Ginegan, president, County Tax Assessors-Collectors Assn.; V. G. Young, assistant director, Agricultural Extension Service at Texas A & M University; Joe G. Resweber, Harris County attorney; Dick Kirby, president, County Auditors Assn.; and Bill Waters, president, District and County Attorneys Assn.

Council is composed of 10 State Representatives and five Senators, with Smith as chairman and House Speaker Ben Barnes, vice-chairman.

Contrasting Job Situation — Texas employment is continuing its upward trend, but at the same time, unemployment is rising too, the Texas Employment Commission reports.

Total employment rose from 3,867,600 in April to 3,898,000 in mid May, while unemployment rose from 121,000 to 124,000 during the same period. The number of workers on non-farm payrolls rose by 6,500 to 3,585,300, and farm employment jumped 23,900 during May. The 3,000 increase in unemployment was caused by early entrants into the market from schools.

Short Snorts — Governor Connally has approved nine grants under the Economic Opportunity Act. Fort Worth and Tarrant County got the biggest chunk of money — \$368,980 — for use in planned parenthood services, family-neighborhood services, poverty centers and dental care. Waco and McLennan County received \$346,130 for day-care services, booster education, remedial and summer education, expansion of Planned Parenthood.

Department of Agriculture designated as drought disaster areas Carson, Lipscomb, Wheeler, Hemphill and Collingsworth Counties.

Dr. Hal Potts, Dallas, is new district program consultant for Texas OEO, appointed by Governor Connally.

County HD Agent Gives Tips for Trips with Youths

Are you planning a long trip this summer with your preschool youngsters? If so, here are ideas which should help make the trip more fun for both you and your children.

Small children need planned activities to occupy their time on long drives, says Mary Y. Newberry, JCHDA. Puzzles, pencils and paper, word games and counting games all help pass the time and prevent frayed nerves.

Plan ahead for the trip. If your children are quite small, take them out to eat several times before the long trip so they will know what to expect. Several shorter excursions also will help prepare them for the longer summer trip.

If your child is a baby, he may still need to have his formula sterilized. You'll be wise to take along equipment for doing this. Take most of the baby foods you'll need so that his meals will be familiar.

An insulated carrier for food is a must for a summer trip. You can use frozen juices to cool other foods while you travel. Of course, you'll find ice available at many service stations along the way.

personal

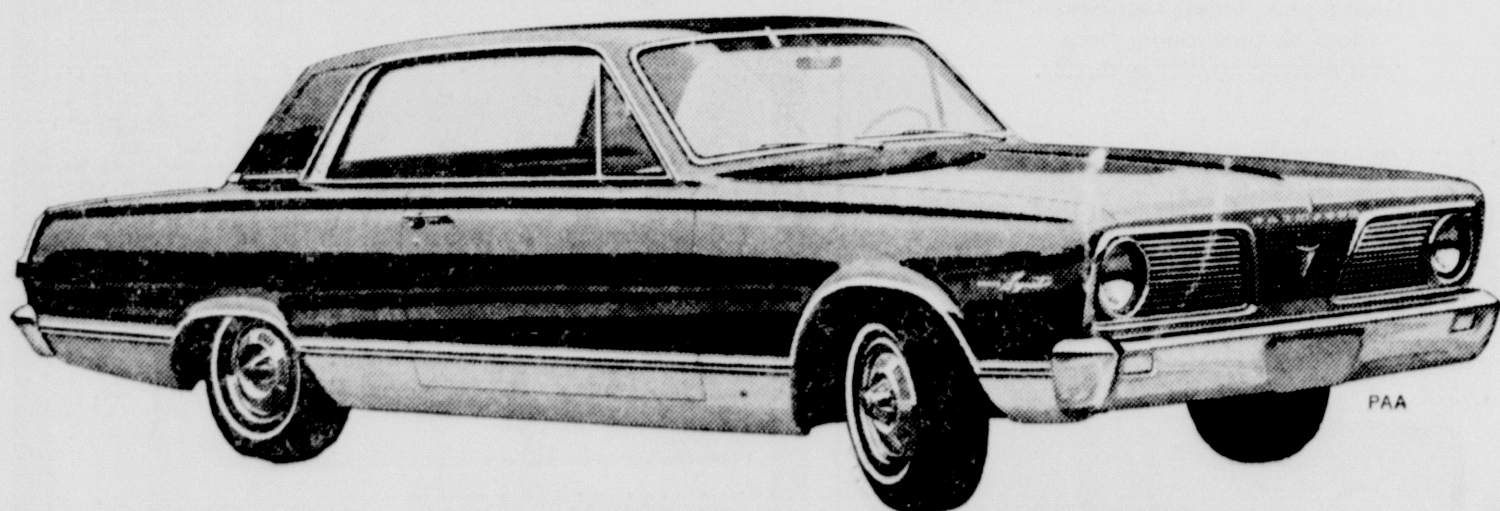

pleasure sometimes comes in smart decorator colors and has a soft, sweet ring. Like a Princess® telephone for the teenage "princess" in your home. Having her very own Princess phone means more responsibility and more privacy, too (not to mention the convenience). And while you're about it, why not try two? One for her, one for you.

Overwintered Boll Weevils Found In 40 Percent of Fields

Overwintered boll weevils are now appearing in 40% of the 28 cotton fields being checked by the Cotton Insect Survey Teams in Jones County, according to a report made this week by Jones County Agent, Kirby Clayton. Most of the weevils are still localized in the first few rows of cotton adjoining hibernation quarters and spot treatment in these areas could still pay dividends, says Clayton.

The survey teams also found light infestations of armyworms, cabbage loopers, aphids and thrips and plant bugs.

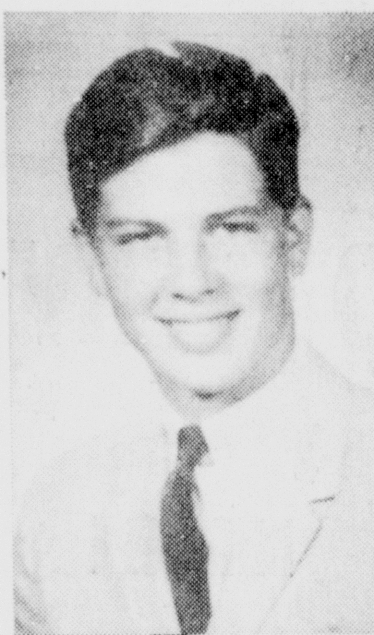

Fleahoppers are increasing in numbers every week and a few of the fields have populations large enough to warrant poisoning at this time.

The recent rain, says Clayton, will probably be conducive to larger buildup of boll

weevils and should be some encouragement for farmers to poison for overwintered weevils before egg laying starts.

The survey team spend four days out of each week in Jones County checking 28 fields once each week. This report is available in the County Agent's Office on Thursday of each week and any farmer wishing to know the County Insect Situation, may have same by making a call to the Agent's Office.

The Survey Team is being sponsored by the Rolling Plains Cotton Growers Inc. and is working under the supervision of Jones County Agent, Kirby Clayton.

BILL JOHNSON
... to get top award

Bill Johnson To Receive Eagle Award at Camp

Bill Johnson, 15, son of Mr. and Mrs. W. T. Johnson, will receive his Eagle award, the highest honor in Scouting, at the court of honor to be held at Camp Tonkawa near Buffalo Gap Friday evening.

J. O. Murphree will present the award.

Bill has been in Scouting for seven years and is a member of the Order of the Arrow. He is active in Methodist Youth Fellowship at First Methodist Church.

A sophomore in Hamlin High School, he is a member of the band, stage band, and plays football.

Friends are invited to attend the court of honor.

Four FFA Members Attending State Meeting in Austin

Four members of the Hamlin FFA Chapter are attending the state convention of the Texas Association of Future Farmers of America this week in Austin. They are Jackie Buske, son of Mr. and Mrs. Jack Buske; Donnie Jones, son of Mr. and Mrs. Carl Jones; Gil Lain, son of Mr. and Mrs. H. D. Lain; and Larry McCoy, son of Mr. and Mrs. J. E. McCoy.

The state FFA president, sweetheart, and talent team, national officer nominee, and delegates to the National FFA Convention will all be elected at the convention. The Lone Star Farmer Degrees will also be conferred at the convention. This is the highest honor or the state association can bestow upon its members. Jackie will receive his Long Star Farmer Degree.

Milburn Wink, Chapter Advisor, accompanied the boys to Austin. They left Tuesday and will return home Friday.

Survey Committee Named To Study Courthouse Space

A committee made up of representatives over the entire county has been authorized to survey the space needs of offices in the Jones County courthouse. The commissioners court Monday authorized County Judge Leon Thurman to make appointments.

Judge Thurman said Wednesday that letters are going out to three men from each precinct asking that they serve.

H. G. Andrews Jr. of Stamford, former Jones County Judge, has been named chairman. He has called a meeting of the entire group for Thursday, Aug. 4, in the county courtroom.

Members of the commissioners court have discussed increased space needs of several offices but no decision has been reached. At one time it was planned to close one of the basement entrances and add this space to that being used for storage by the tax collector but this was rejected as too costly for the amount of space that would be gained. It also had been suggested that a vacant building across the street west of the courthouse be acquired and some offices moved to this building but this idea was turned down by the court because maintenance costs would be increased.

Although greatest need is for more space for Tax Collector A. J. French, the committee will check with all offices to see about their present and anticipated needs.

Some discussion was held Monday by commissioners as to the possibility of installing

an elevator so that space on the upper floors could be reached more conveniently. It was the general consensus that there is ample space in the present building for all needs but some re-arranging will be necessary.

The court has met with contractors on several occasions and has talked about repair of the exterior of the building but no action has been taken. It has been brought out that mortar between the bricks and large blocks of stone need to be replaced in many places and water has seeped into the

walls and damaged the plaster.

Judge Thurman said Wednesday that \$53,000 is in the permanent improvement fund and can be made available for the work.

Letters asking the following men to serve were being mailed Wednesday: Precinct 1, Wesley Nail, Cecil Sellers and Starr Inzer; Precinct 2, Sam Baize, Vernon Lovvorn, L. E. Million Jr.; Precinct 3, Joe T. Smith, Jack Edwards, Raymond Rowell; Precinct 4, Henry Fry, A. D. Hill and O. B. Leech.

JONES COUNTY—

Commissioners Handle Many Minor Items In Monday Session

A number of minor items came before the Jones County commissioners at their regular monthly meeting Monday, some receiving favorable attention while others were rejected.

The court had received a bill for slightly more than \$1400 from Lynn County for trying Gerald D. Knight, a Dallas man accused of raping a girl alongside Highway 89 east of Anson. The case went to Tahoka on a change of venue.

Included in the cost items were psychiatrists, special deputy sheriff to be with Knight in jail and at the trial. No special attention was given Knight in the Jones County jail.

In his hearing at Tahoka, Knight was adjudged insane and committed to the state hospital at Rusk.

Commissioners expressed the opinion that some of the items on the bill are subject to question and they hope to get it reduced.

Hearing on the budget for the new year has set for Wednesday, Aug. 31.

The court authorized Judge Leon Thurman to file for a state charter, setting up Jones County Economic Board. This is the first step in getting an economic opportunity program set up in the county. An allotment of \$49,000 has been set aside for the county by the federal government, it was stated.

The court approved payment of \$3 per day for a Stamford girl who is or has been a patient at the state hospital at Galveston. The bill was for \$30.99 per day, but commissioners said they usually pay only \$3.00 per day.

A plea for the county to supply culverts heading to the Anson arena. Commissioners said they had a limited number of used culverts that could be used but they were opposed to supplying new ones.

Approval was given to the employment of temporary help in the office of County Agent Kirby Clayton while his secretary is on vacation and gave a similar approval to Judge Thurman for his office.

A bill for \$5.00 to pay for a truck load of water used in fighting an oil field fire near Hamby was passed over. Commissioners said the county

does not pay for fighting fires in rural areas and expressed the fear that payment of the bill would set a precedent.

It was suggested that the bill should be sent to the oil company whose property was being protected.

Two commissioners, Lem Ruark in Precinct 3 and Johnnie Agnew in Precinct 1, told of instances where landowners had stopped up culverts to halt the flow of water on their land. They asked opinion of the court in removing these stoppages. The court ordered that the culverts be opened.

Rev. Charles Tate To Speak Friday At Foursquare

Rev. Charles Tate, faculty member of LIFE Bible College, Los Angeles, will speak Friday at 7:30 p. m. at the Foursquare Church, 113 S. W. Ave. D Street, announces the Rev. Weldon Counts pastor.

A graduate himself of LIFE Mr. Tate comes to Hamlin on a 6,500 mile itinerary which will bring him to more than 30 churches in 7 states. The programs presented feature information pertinent to the college program and counseling sessions with prospective students, advising them concerning courses offered.

The local pastor said that the past semester LIFE enrolled approximately 450 students, and serves as the major ministerial training center for the International Church of the Foursquare Gospel. Both the college and the movement were founded by the late Aimee Semple McPherson.

Rev. Tate, a native of South Dakota, and member of the LIFE Bible College faculty for the past decade, instructs in church history, pastoral theology, counseling, expository preaching, public speaking and radio technique. He is also an advisor for the college year book, periodical news bulletin and radio broadcast.

During the 40 years of its existence, LIFE has graduated more than 6,000, its alumni including pastors, evangelists, missionaries in more than 30 nations, Christian education specialists, and numerous lay leaders.

Applications are being taken for a new class in Vocational Nursing to begin August 29 at Hamlin Memorial Hospital. This is the Hamlin extension of the Jones County School of Vocational Nursing.

All persons interested in the school may obtain information and application blanks in the business office at the hospital or contact Mrs. A. Kimbrough R. N., instructor, at the hospital before Aug. 1.

Applicants will be considered without regard to race, color or national origin.

REV. CHARLES TATE
... to speak Friday

By Mrs. R. M. Babb

My, if you missed any service of the revival at the Baptist Church you really missed a blessing. Bro. Ken Moore of O'Brien did a wonderful job of bringing Gods messages.

Aunt Mary Jones of Merkel visited relatives and friends and attended the revival. It is always good to have Aunt Mary visit with us. We still miss her.

Mrs. A. J. Griffin had in her home two of her grand daughters from Okla. they returned to their homes this past week.

Mrs. Joan Edwards had visiting in her home for a few hours last week her niece and family, the Paul Williams' of Wichita Falls.

Mr. W. O. Reeves, brother of Mrs. Lea Dickerson has bought Louis Kiser's house and will be a resident of our community. Welcome!

Mrs. Ella Scott has returned home, having spent several weeks in her daughter's home, the Merrill Turners in Farewell.

Gary Douglas of Merkel has returned home having spent two weeks training in San Diego at the Naval Base.

The Alton Mauldin family is visiting in the Guy Mauldin home. Alton and Thelma live in Midland.

Mr. and Mrs. Henry White and children of Lubbock spent a few days in the Woodford Pursley home.

The last report I had on Luke McCollom Sr. was he was doing much better. He is in the Hamlin Hospital.

Many of our people attended the funeral services in Sweetwater for Mr. B. E. Pyron on Sat. morning. Mr. Pyron was known and loved by all. Our sympathy to the family.

Mrs. W. B. Brown is attending the Postal Convention in San Antonio this week. Mrs. Ken Moore and boys drove over on Friday night and attended church services. I think they rather surprised Bro. Moore, but I assure you he was glad to see them.

The Med and Roy Herron families attended the Herron Reunion at State Park this past week end.

The M. D. Browns had a family reunion this past week end.

Mr. and Mrs. Carl Jackson and Mr. and Mrs. Henry Edwards of Wichita Falls spent

the weekend in the home of Mrs. John Edwards.

Several people of the Central Avenue Church and the Fairview Community attended the revival here in Sylvester.

The Sonny Dozier family enjoyed a fishing trip with their grand parents over the weekend.

We enjoyed a good rain last Friday night, 1.20 inches, but we could always use more!

The John Tankersleys of Ft. Worth are visiting in the Earnest Kiser home.

To whom did you give credit for things you achieved this week?

To Attend Forum

C. L. Howard, W. T. C. C. Director from Hamlin, will attend an Action Forum for Directors of District V of the West Texas Chamber of Commerce on Thursday, July 14, 2:30 p. m. at the Market Restaurant, Merkel.

Howard is one of 36 business and community leaders who will evaluate plans for the development of the Growth Potentials of West Texas.

George Batchelor, an employee of General Crude Oil Co., has been transferred to Liberty, Tex. The family will be moving Aug. 1.

Neinda Philosopher Finds Human Nature Cropping Up Even Among Russian Potato Farmers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Rt. 1 discusses a subject he's an authority on — laziness.

Dear editor: According to an article I read buried under an ad on page 19 of a newspaper I found out here yesterday afternoon, there may be more

Law Changed On Gasoline Refund

Because of a change in the tax laws, farmers will no longer fill out form 220 for claiming refunds on federal Tax on Gasoline used on a farm, according to Jones County agent, Kirby Clayton.

The tax law now provides that for taxable years beginning after June 30, 1965, the Federal Tax paid on gasoline should be claimed as a credit on Federal income tax returns. Instructions for claiming the credit will be included in the income tax booklet which will be mailed with your tax return forms for 1966.

human nature in Russia than we'd figured.

This article reported that Russian officials in Moscow are complaining because Russian farmers are lazy. They said here's what they do: they wait till about a month before the first freeze is due in the fall, then send out an emergency call for university students to be sent out to help dig their potatoes before the ground freezes.

Sure enough, knowing the potatoes are needed, Moscow officials take thousands of students out — classes for a month, then — is are dug and the crop saved.

The first time this happened, the article said, it made sense, but the officials are beginning to wonder why it has to happen year after year.

I can tell them. Those Russian farmers have figured, why dig the potatoes when the students will do it for us? Especially since those potatoes belong to the state in the first place.

Russian officials can call

it laziness if they want to, but it looks different to me. In fact, if I could call up Governor Connally and ask him to send me a batch of University of Texas students to help me get in a crop free of charge, you know I'd do it, and if it worked once, the governor could expect a call from me every year from then on.

The Russian officials argue this interrupts the students' class work and it ought to be stopped.

I have a notion that if the students themselves can't catch on to this on their own, they've been studying too many books and not enough human nature. The books probably say the farmers should joyously dig the potatoes themselves, but the farmers have an advantage. They haven't read the books. But they have dug potatoes.

Yours faithfully,
J. A.

Mrs. Shivers Gives Local Jaycee-ette Program Tuesday

Mrs. Muri Don Smith and Mrs. Ewell Mackey were hostesses for the Tuesday evening meeting of the Hamlin Jaycee-ettes in the Smith home.

The program, presented by Mrs. Lawrence Shivers, was on antiquing fruit.

Mrs. James Wright was elected treasurer to fill the unexpired term of Mrs. Horton Brandon who has moved to Petersburg. The club also voted to have membership pins with additional pins and chains for the officers.

Others present were Mmes. Speck Franklin, Herbert Lak-ey, Bill Early, Eddie Offield, Johnny Jeffrey, Dan True-love, James Eddie Jay and Bill Chapman.

Miss Spalding, Billy Weaver Set July Wedding

Mr. and Mrs. Robert Glen Spalding are announcing the engagement and approaching marriage of their daughter, Betty Fay, to Billy Gene Weaver, son of Mr. and Mrs. Mart Weaver of Old Glory.

The couple will be married July 22.

The bride-elect is a graduate of Hamlin High School.

Weaver is a graduate of Aspermont High School and attended San Angelo College. He is employed by Ham-Tex Construction Co. of Hamlin.

Home Laundering Subject for HD Leader Training

"Home Laundering" was the leader training meeting that was conducted by Mary Y. Newberry, Jones county home demonstration agent and Mrs. Earlene Horton, Home economist for West Texas Utilities company of Stamford.

The meeting was conducted in Mrs. Horton's home.

The leaders were shown how to test their water for hardness using tincture of green soap. The principals of laundering that were discussed included the temperature, quality, and quantity of water correct detergent and other laundry aids, preparing clothes for laundry, loading the machine, rinsing, drying correctly, finishing and ironing aids. Specific features that aid launderability were also discussed. Refreshments followed the meeting.

WMS Circles Meet In Joint Session For Program

The circles of the Woman's Missionary Society of First Baptist Church met in joint session Tuesday morning in the chapel for a program presented by Mrs. Dickie Wallace.

Mrs. Wallace was assisted by Mmes. Byron Bryant and Bill Keck in presenting A Study of Major Cluts: The Mormons.

County Agent Warns of Care in Use of Chemicals

All chemicals should be used according to the instructions and recommendations, says County Agent Kirby Clayton.

Recommendations for weed control with chemicals are based mainly on effectiveness of control. "Suggestions for Weed Control with Chemicals," Extension publication B-1029, lists current suggestions for use of chemicals to control weeds and weedy plants in Texas.

The bulletin also has suggestions for safe use of herbicides.

The recommendations for weed control are based primarily on results of the most recent research tests by the Texas Agricultural Experiment Station and demonstrations by the Texas Agricultural Extension Service.

The publication has information on weed control in alfalfa, corn, cotton, rice, sorghum and in establishing coastal bermuda grass and other crops.

ONE GAME CARD GIVES YOU TWO CHANCES TO WIN. MATCH THE HALVES. WIN FULL FACE VALUE.

It's Fun! It's Easy! Here's How to Play!

- 1
- 2
- 3

1. Pick up free game card on each visit to Piggly Wiggly, no purchase necessary. Tear card in half at perforated line in center, which will give you a "right" and a "left" half. Wipe green areas in corners of cards per instructions on front of card until "permanent" values appear.

2. To win, you make a "whole matched" card, with both right and left halves having identical values. You save and compare all rights and lefts you have collected, and vice versa. When you make a match, take it to store for verification and prize award. The issuing store reserves the right to determine the authenticity of cards submitted and to require complete adherence to all rules printed on reverse side of game cards.

3. All cards are good for play until declared void by a published or posted announcement of game expiration at the discretion of issuing Piggly Wiggly store. Cards are void and not good for play in states where prohibited by law. The following are not eligible to participate: unmarried minors, Piggly Wiggly employees and their families, advertising agents and subsidiaries of sponsoring Piggly Wiggly Store(s).

fifty years ago—in 1916—the first Piggly Wiggly opened its doors to an astonished public: "Imagine, waiting on yourself!" No one had ever tried it before and, of course, many said it wouldn't work.

How well it worked is obvious today, for virtually all stores enable you to "wait on yourself." Today we call it "self-service."

Piggly Wiggly pioneered in low cost foods—a tradition we proudly maintain to this day. Piggly Wiggly through the years has never met low prices... we keep them low!

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Rain fell in the eastern part of our community Friday afternoon, but by the time it reached Hamlin it had almost played out. Over three inches fell at the Plainview store, two inches a few miles west, then at this point, four miles from town, had fallen down to six tenths, but even that much makes the little cotton look much better.

Visitors in church Sunday were present again. Mrs. Babb's uncle, Mr. Carl E. Jackson, Wichita Falls, came with the Babb's. He and his wife visited in Sylvester over the weekend.

Little Tanya and Jana Bills, daughters of Mr. and Mrs. Doyal Bills, of Houston, are spending two weeks with their grandparents, the Winslow Grays, while Mother and Daddy go on vacation. They were with them in church for both services Sunday.

The time is drawing near for our summer revival and plans have been almost completed for it. Rev. Billy Burke, of Wichita Falls will do the preaching. Alton (Tooter) Hewitt, of Hamlin will lead singing, with a pianist to be secured yet. The date will be

tract, enter into a contract and execute bonds on the forms provided in the Contract Documents.

Attention is called to the fact that not less than the prevailing wage rates as established by the City of Hamlin, Texas, and as hereinafter set forth in the Contract Documents hereinafter described and which are made a part hereof, must be paid on this project.

A performance bond and a payment bond, each in amount of not less than one hundred (100%) per cent of the contract price, conditioned upon the faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials, will be required.

In case of ambiguity or lack of clearness in stating proposal prices, the City of Hamlin, Texas, reserves the right to adopt the most advantageous construction thereof, or to reject any or all bids, and waive formalities. No bid may be withdrawn within thirty (30) days after date on which bids are opened.

CITY OF HAMLIN TEXAS
Hollis W. Madden, Mayor

August 12-21 and we urge all of our friends to remember this date and come be with us as often as possible. Mrs. Woodrow Goodwin and Mrs. Raleigh Bond went to Sylvester last Tuesday night, where they attended revival services at the Baptist church. We are sorry to hear that Mrs. Johnnie Agnew is in the Hamlin Hospital where she underwent surgery last Friday morning. At last report we learned she was doing all-right.

Rev. and Mrs. R. M. Babb were Thursday night visitors of the Woodrow Goodwins.

Ronald and Jeannie Joiner spent last Tuesday with their grandparents, Mr. and Mrs. Elmer Joiner.

Visitors of the Fred Rosenbaums last week were her brother, Mr. and Mrs. D. T. Downey and Linda Ann, residents of Fort Worth.

Visitors of the Winslow Grays last week were Mr. and Mrs. Doyle Gray and Gayle, Mr. and Mrs. Herman Gray, all of Los Angeles, and Mrs. Aubrey Skipper, Alvarado. Mrs. Skipper is a sister of the Gray brothers.

Linda Goodwin accompanied her friend Betty Daniels to Plainview, where they will visit from Sunday until Friday with Betty's sister, Julie.

Mr. and Mrs. Fred Rosenbaum went to Anson and visited with his nephew, Mr. and Mrs. Thomas Moss, Sunday afternoon. A niece of Mr. Rosenbaum's and sister of Mr. Moss, also was present, Mrs. Viola Goodsmith, Portersville, California.

The Fred Rosenbaums had a busy week last week for they, and the H. L. Ford family went fishing Tuesday through Wednesday, down on the river west of Hawley. Didn't hear how many fish they caught but they had a lot of fun.

Mr. and Mrs. R. E. Ray, Anson, were Sunday afternoon visitors of the Elmer Joiners.

The Joiners and Mrs. Goodwin attended services at Sylvester, Thursday night. Was the first time we had sat out

in open air services in a long time, but as it usually does, the wind got up for a while. Ladies, if you are in need of a fall hat and want to find one cheap, look for the big hat sale Aug. 2, at the high school cafeteria. This will be sponsored by the Jones County Home Demonstration Clubs for the purpose of raising money for Council to operate on. Two hundred and fifty new hats will be offered for sale at the low price of four dollars each. Some other articles, including small notion

type gifts will also be sold. Watch for more on this sale and remember the date.

Hamlinites Return from Tour of Europe; Get Glimpse of Queen

Carol Joe Simpson and Mrs. James Simmons returned home last week after a European tour with 35 other U.S. citizens.

The tour began in London, England, where they were fortunate to catch a glimpse of Queen Elizabeth and her royal family amid all the pageantry of the Trooping the Colour parade, an annual event in London.

From London they drove to Dover and left England on a steamer via the White Cliffs to Ostend, Belgium.

In Holland they visited Rotterdam and the Hague, and Brussels.

Leaving Brussels, the travelers went to Bastogne, via the Ardennes stopping at the War Memorial which pays respect to the 76,000 American soldiers who gave their lives there during World War II.

After lunch in Luxembourg the group went to Bensheim, Germany for the night, driving along the German Autobahn.

At Heidelberg, Germany, the morning was spent viewing its famous University and

Castle. Motoring through the Black Forest they crossed into Switzerland where they spent two days at Lake Lucerne.

Carol Joe said "Beautiful and magnificent scenery awaited us on our journey from Lucerne through Liechtenstein where the Baron of the city boarded the bus and gave us a most friendly welcome to his small country." That night was spent in Innsbruck, Austria, site of the 1964 Olympics.

After a brief stay in Austria they crossed Brenner Pass through the majestic peaks of Italy's Dolomites on their way to Venice.

During their one and one-half day stay in Venice they received the classic Venetian thrill, a gondola serenata. Florence, Italy, was the next stop.

Excitement mounted as the group neared Rome where two days were spent touring the historic Roman buildings and ruins.

Carol Joe and three friends chose Alfredo's Restaurant for one evening's eating place. They met Robert Culp, television star of "I Spy" while there.

"Arrivederci Roma" they said with some regret in leaving the marvelous Rome but they were still anxious to see the life on the Italian and French Riviera.

"Leaving Rome was not too sad", Carol Joe said, for we threw our coins in the fountain and they are supposed to help us to return to Rome someday."

On the way to Nice, France, they lunched at Rapallo, Italy, then went through Genoa, Columbus' birthplace. While in Nice, the group visited Monte Carlo and saw the palace of Prince Rainier and Princess Grace of Monaco and the world famous Casino.

Reluctantly they left Nice to slowly make their way to Paris Stops included Avignon, famous for its Place of the Popes, and Lyon, second largest City and the Capital of the French silk industry.

The 2,400 mile European tour was completed with three days in Paris, visiting the traditional sights. Leaving Paris by plane, stops were made in London and New York and their trip ended in Dallas.

Jones - Shackelford Farmers Form Cotton Group In Anson

A new organization, the Jones - Shackelford Counties Cotton Improvement Association, was organized Thursday night in Anson as a local subdivision of the 31-county Rolling Plains Cotton Growers' association in an effort to help bring King Cotton out of a hazardous situation.

Kirby Clayton, Jones County Agent, said, "We plan to get representatives from each of the 15 area gins that serve the cotton farmers in the two counties. This way we will have representatives from each of about 15 communities and bring the Cotton Growers' Association closer to the individual farmers that it serves.

Representatives and the chairman, to be elected from the representatives from each gin, will be elected at a later meeting.

Clayton spoke briefly on insecticides and insect pest control measures at the beginning of the hour and a half meeting.

James R. Kyzar and Donald W. Fleming, cotton insect surveyors with the RPCG, gave a report on the insect situation in the area.

"None of the thrips, aphids, spider mites, and plant bugs we've studied in the area so far have populations large enough to be economically damaging at this time," Kyzar said.

"In past weeks we have had a few cases of thrips and cutworms severe enough to cause real trouble, but for the most part the cotton seems to have outgrown these pests now. However, two of 28 fields examined for fleahoppers have economically damaging populations and two more are near this point," he said.

Charley Stenholm, executive vice-president of RPCG and Ericksdahl community farmer, explained the 15 per cent per bale dues of the association to the farmers and what it was to be used for.

Goals are recognition and representation of the Rolling Plains area, to unite cotton growers and businessmen, in a

common effort to push cotton products, to provide a link between the farmers and the organization and other similar organizations, furnish the Insect Survey Program, and to promote cotton on the local level.

Ronnie Goodgame, 8 year old son of R. L. Goodgame, Jr., was injured riding his bicycle Tuesday afternoon and was given emergency treatment here and then taken to Hendricks Memorial Hospital in Abilene. He was hospitalized overnight for possible head injury and was released Wednesday morning.

Don't Over-Feed Your Dog — Don't let your dog make a sucker out of you. Dogs are natural born moochers. They will try to wheedle food every chance they get.

Dogs should have no more than 4 meals a day from weaning to 4 months; then 3 meals from 4 to 8 months; and 2 meals a day from 8 to 16 months. From then on, only one feeding per day, with maybe a light evening snack.

Dangerous Hooks — When the day's fishing is done most cane pole anglers wrap their lines around the poles and dump them in the car for the trip home.

This is a bad practice, since the hooks are usually exposed and can ruin upholstery and even human flesh. Guard these hooks by wrapping them in tin foil.

Seven Programs Lined Up for Hardin-Simmons Artist Series

Abilene — Seven top-flight programs have been lined up for the 1966-67 Hardin-Simmons University "Artist Series," according to Dr. William O. Beazley, who heads up the series.

Each of the seven programs will be in connection with the H-SU 75th Anniversary Celebration.

Kickoff program on Oct. 21 will feature "The Little Angels," a company of approximately 37 young Korean girl dancers, ranging in ages from 7 to 13.

Mantovani and his Concert Orchestra has been booked to perform on Nov. 8.

Scheduled to appear Dec. 3 during H-SU's annual homecoming program will be "The Romeros," which features Celedonio Romero and his three sons, Celin, Pepe and Angel. This program will be one of the chief highlights of the Diamond Jubilee Homecoming.

Mahalia Jackson, internationally-known sacred singer, will perform on Jan. 12, while Fred Waring, who has been at H-SU on two previous occasions will bring his Pennsylvanians back to perform Feb. 7.

Gianna d'Angelo, one of the top young American opera singers, will be on hand March 31.

The Hardin-Simmons Acappella Choir, directed by Edward Hamilton, will sing in a concert with the Chicago April 13 or 14, said Dr. Beazley.

Horse Show

The second annual Kent County 4-H Horse Show will be held on Saturday, July 16, at the Kent County Roping Arena. Judging begins at 10:00 a. m. E. W. Cade of Rotan will judge the show.

Visiting with Mr. and Mrs. Weldon Johnson during the Fourth of July holidays were their children, Mr. and Mrs. Bob Johnson, of Marshall and Mr. and Mrs. Eddie Townley of Abilene. The Bob Johnsons also visited in Stamford with her parents, Mr. and Mrs. Earl Smith.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Taxes — with its what, why, where, who and because — raised its unpopular head in the Texas capitol this week.

Texas Committee on State and Local Tax Policy presented a report to Gov. John Connally and the Texas Legi-

slature.

Everybody's request for more money indicates that the spending program to be presented the 1967 Legislature will eat up the \$75,000,000 state surplus and require new money to finance Higher Education, pay raises for

Teachers and state employees, water development, state park and recreation expenditures, Texas Highway Patrol — all want in on the act.

The tax policy committee is headed by Rep. Ben Atwell of Dallas, who asked the Texas Research League to list possible sources for new taxes.

Proposed were:

Increase the state tax from its present two cent to two and a half or three per cent, raising \$72,400,000 to \$144,800,000 a year;

Corporation income tax of 4.4 per cent (average of those in the 37 states which levy it), raising from \$18,000,000 to \$106,000,000 a year;

THE HAMLIN HERALD

Graduated personal income tax, raising \$75,000,000 a year. (There are 36 states with personal income taxes.)

Draft Call — Texas' part of fulfilling the national draft call for 31,300 men in September includes furnishing 1,381 men in July; 1,837 in August; and 1,583 in September, says Col. Morris S. Schwartz, State Selective Service Director.

In addition, between 4,000 and 5,000 Texas men will be called for preinduction physical and mental examinations in September.

Grain Farmers Cautioned — John C. White, Commissioner of Agriculture, advised Texas grain farmers to "make certain your harvest is stored in a state-licensed warehouse and to demand a valid Texas Grain Receipt."

Approximately 70 warehouses have failed to renew their licenses this year, though the grain harvest is well underway in many parts of the state. Grain stored in these warehouses is not protected by bonds and license required by law, said White.

More Boat Ramps — Thirty-three new boat ramps across the state, making a total of 94 such ramps, have been approved by the Texas Highway Commission.

Twenty of the new ones are adjacent to farm-to-market or park roads.

These new ramps will increase launching facilities by more than one-half and will cost \$241,800, or an average of \$7,327 each. Source of money, provided for under the Texas Water Safety Act, comes from Certificate of Number fees collected from Texas boat owners.

And, speaking of boats, new boat inspection fees and unclaimed boat gasoline sales taxes are reaping about \$100,000 a month for the state.

According to the State Parks and Wildlife Department, a new system is being set up so that fines collected for boat safety law violations will go to a State fund, rather than to county funds where most other law-breakers' fines are deposited.

Big Thicket Endorsed — State Parks and Wildlife Commission endorsed "in principle" the creation of a Big Thicket State Park. It will embrace some 15,000 acres of the 300,000 acres in

Liberty, Hardin, Tyler and Livingston Counties known as the "Big Thicket."

Will Odom of Austin, commission chairman, said endorsement would be made "specific" after the Parks and Wildlife staff has studied the proposal. Then all the Commission needs is legislative approval.

Other Parks Need Repair — According to William M. Gosdin, park service director, state parks, buildings need repairs to the tune of \$970,000.

State Parks are expected to get \$2,200,000 for improvement from federal sources during each of the coming two years. But Gosdin said a complete statewide outdoor recreation plan is needed by 1970 to keep the state qualified for federal aid for park construction.

County Government Study — Lt. Gov. Preston Smith appointed the following as an advisory committee to the Legislative Council Study Committee on County Government:

Harold Green, President, County Judges and Commissioners Assn.; L. D. McCormick, president, County Treasurer Assn.; O. D. Ginegan, president, County Tax Assessors-Collectors Assn.; V. G. Young, assistant director, Agricultural Extension Service at Texas A & M University; Joe G. Resweber, Harris County attorney; Dick Kroy, president, County Auditors Assn.; and Bill Waters, president, District and County Attorneys Assn.

Council is composed of 10 State Representatives and five Senators, with Smith as chairman and House Speaker Ben Barnes, vice-chairman.

Contrasting Job Situation — Texas employment is continuing its upward trend, but at the same time, unemployment is rising too, the Texas Employment Commission reports.

Total employment rose from 3,867,600 in April to 3,898,000 in mid May, while unemployment rose from 121,000 to 124,000 during the same period. The number of workers on non-farm payrolls rose by 6,500 to 3,585,300, and farm employment jumped 23,900 during May. The 3,000 increase in unemployment was caused by early entrants into the market from schools.

Short Shorts — Governor Connally has approved nine grants under the Economic Opportunity Act. Fort Worth and Tarrant County got the biggest chunk of money — \$368,980 — for use in planned parenthood services, family-neighborhood services, poverty centers and dental care. Waco and McLennan County received \$346,130 for day-care services, booster education, remedial and summer education, expansion of planned Parenthood.

Department of Agriculture designated as drought disaster areas Carson, Lipscomb, Wheeler, Hemphill and Collingsworth Counties.

Dr. Hal Potts, Dallas, is new district program consultant for Texas OEO, appointed by Governor Connally.

County HD Agent Gives Tips for Trips with Youths

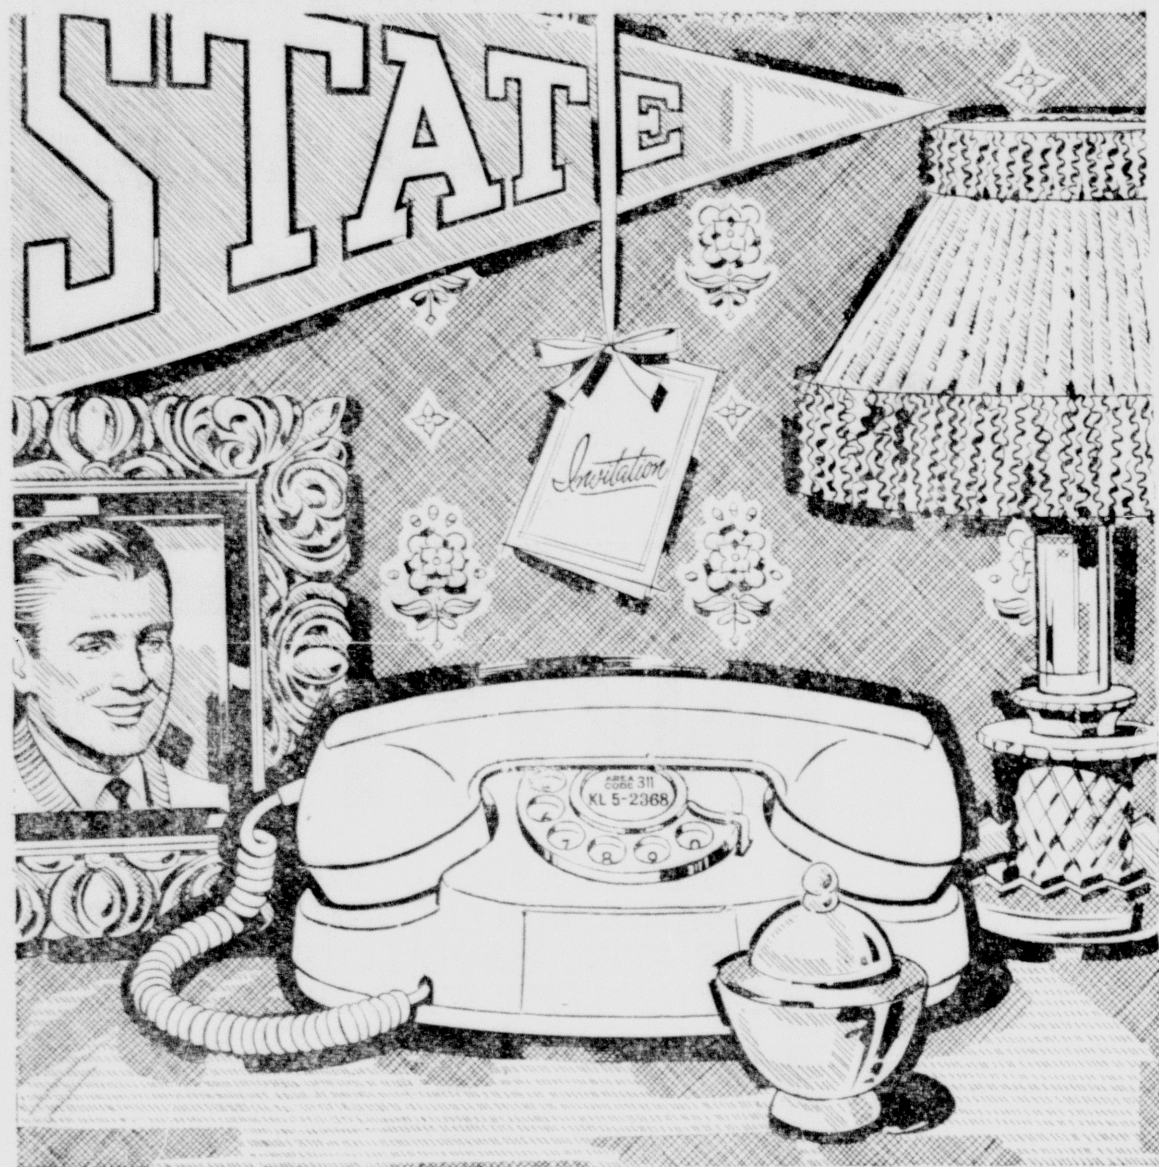

Are you planning a long trip this summer with your preschool youngsters? If so, here are ideas which should help make the trip more fun for both you and your children.

Small children need planned activities to occupy their time on long drives, says Mary Y. Newberry, JCHDA. Puzzles, pencils and paper, word games and counting games all help pass the time and prevent frayed nerves.

Plan ahead for the trip. If your children are quite small, take them out to eat several times before the long trip so they will know what to expect. Several shorter excursions also will help prepare them for the longer summer trip.

If your child is a baby, he may still need to have his formula sterilized. You'll be wise to take along equipment for doing this. Take most of the baby foods you'll need so that his meals will be familiar.

An insulated carrier for food is a must for a summer trip. You can use frozen juices to cool other foods while you travel. Of course, you'll find ice available at many service stations along the way.

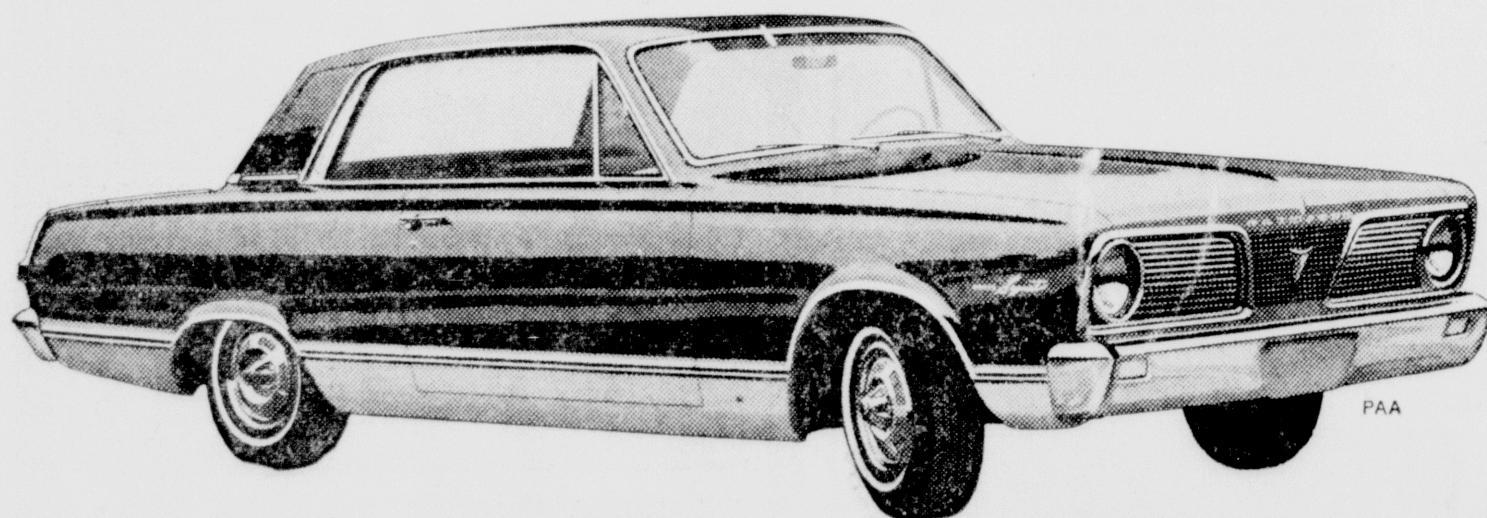

personal

pleasure sometimes comes in smart decorator colors and has a soft, sweet ring. Like a Princess® telephone for the teenage "princess" in your home. Having her very own Princess phone means more responsibility and more privacy, too (not to mention the convenience). And while you're about it, why not try two? One for her, one for you.
